*Dedicated to my family, my granddad Pietro, my mom Anna Rosa, my dad Marco,
my grandmom Pierina and my sister Valentina, which I thank everyday for
everything I am.*

*To my dearest friends in Pitigliano, with whom I share some of the most beautiful
memories I have.*

*To Nicola, with whom I have shared part of this path; he helped me in a dark period
of my life and he is one of my dearest friends.*

Abstract

Contents

1	Introduction	1
2	Client-side user interaction	3
2.1	Overview	3

Chapter 1

Introduction

Chapter 2

Client-side user interaction

2.1 Overview

2.2 Resources used

2.3 User Interface

2.4 Serial module

2.5 Man page

Chapter 3

Master controller

3.1 Overview

3.2 MicroController Unit

3.3 Resources used

3.4 Wiring

3.5 Power management

3.6 I2C setup

Chapter 4

Slave controllers

4.1 Overview

4.2 MicroController Unit

4.3 Resources used

4.4 Wiring

4.5 Power management

4.6 I2C setup

Chapter 5

Client-Master communication

Chapter 6

Master-Slave communication

Chapter 7

Conclusions
